

NEW LAW EFFECTS CONFIDENTIALITY OF UTILITY RECORDS

In 1992 Texas Legislature passed H.B. 859 to allow various utilities to maintain the confidentiality of certain records at the request of the customer. Effective September 1, 1993, H.B. 859 provides that a government operated utility which provides water, sewer, garbage, gas, or electricity for compensation, may not disclose personal information in a customer's account records if the customer requests in writing that the utility keep the information confidential. The utility is required to include with a bill sent to each of its customers a notice of the customer's right to request confidentiality of personal information as well as any applicable fee or form required to comply with such requests. Personal information means an individual's address, telephone number, or social security number. This bill applies to WSC's, cities, districts and all governmental bodies who are subject to the Open Records Act.

Such confidentiality does not prohibit a WSC from disclosing the name and address of each member on a list to be made available to the Corporation's voting members, or their agents or attorneys, in connection with any annual or special meeting of the Corporation's members.

The attached forms are designed for your use and may be copied, customized to your utility's needs, and mailed to each customer as required by law. Note the following instructions:
